Serving the Community

Highlands Hospital is an independent and locally managed 64-bed hospital in the picturesque Laurel Highlands of southwestern Pennsylvania. We are committed to providing health care to the community in a competent, nurturing, and healing environment. Our staff gives support in times of crisis and connects patients with the resources necessary to lead a healthy life.

Approx. 400 exceptional caregivers and staff provide emergent, in-patient, and ambulatory care to the Fayette County region. At Highlands, we recognize that every patient has a unique set of needs and concerns, and that we aren’t only diagnosticians, but also sources of support and hope. We are dedicated to providing state-of-the-art facilities for residents in Fayette County, and in finding innovative ways to offer our community optimum health care.

Behavioral health services at Highlands was the first dedicated Geriatric Behavioral Health Unit to be opened in Fayette County. Customized treatment approaches are designed to meet the physical, developmental, psychosocial, emotional, and spiritual needs of every patient.

Recently, we have gone even further to provide education and treatment for families in Fayette County and the surrounding communities affected by Autism and other children’s developmental and behavioral disorders.

Highlands Hospital Center for Autism (HHCA) is honored to offer autism services in collaboration with the Cleveland Clinic Autism Development Solutions program (CCADS). We are a licensed private school that is modeled after Cleveland Clinic’s esteemed Lerner School. HHCA provides families and children in southwestern Pennsylvania with state-of-the-art educational and behavioral treatment. The program model which we adhere to has shown sterling, documented positive outcomes in educational, medical, and behavioral programming.

A Word About Our Medical Staff

Highlands demands a dedication to high ethical standards and practices from its hospital staff and medical professionals. Our goal is to provide care in a compassionate and caring manner, and our staff is comprised of over 100 physicians who have made it their personal mission to achieve the highest level of customer service, quality, and productivity possible.

Many of our medical specialists have offices located in the main hospital, and our primary care physicians are delighted to see you for visits to their respective offices, as well as throughout your hospital stay. Our hospitalist works closely with many local primary care physicians to provide a continuum of care while you are hospitalized.

If you are unsure of which doctor is right for you, our free Physician Referral Line will help you to find the best medical professional to meet you and your family members’ needs. Please contact us at 724-628-3040 to be directed to a specialist or physician.

We are honored to have served Fayette County for over 100 years, and it is with great enthusiasm that we look forward to providing you with health services that promote overall wellness and health for life. Thank you for allowing us to provide the highest quality of care possible in your community.
